DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Michael Hudzinski on August 24, 2006.

The application has been amended as follows:

In the claims:

Claims 28-31 have been cancelled.

Claims 6-7 and 12 have been amended as follows:

Claim 6.

Replace "the" with "an" on line 5 to read "...determining of whether a set of items defined by the an output of the expression...".

Claim 12.

Replace "the" with "an" on line 4 to read "...determining of whether a set of items defined by the an output of the expression...".

Claim 7.

Art Unit: 2166

Replace “sequence of concatenated XML items” with “expression input” on line 2 to read “The XML query rewrite method as set forth in claim 6, wherein the transforming of the ~~sequence of concatenated XML items~~ expression input into a transformed data stream input comprises: transforming the sequence of concatenated XML items into a data stream of individual unconcatenated XML items”.

Allowable Subject Matter

2. Claims 6-8, 12-15, 21-24, are allowed. (Re-numbered 1-11)
3. The following is an examiner’s statement of reasons for allowance: Prior art of record do not teach the combination of claimed elements including “an XML query rewrite method...processing and XML query...identifying an expression ... that receives a sequence of concatenated XML items as an expression input, determining a granularity property including at least:

$$SET\left(\underset{p \in P(I)}{CONCAT(EVAL(exp, p))}\right) = SET\left(\underset{p \in I}{CONCAT(EVAL(exp, p))}\right)$$

$$SET(EVAL(exp, LET(I))) = SET\left(\underset{i \in LET(I)}{CONCAT(EVAL(exp, i))}\right),$$

in light of the specification would not have been obvious over the prior art of record, nor would it have been fairly suggested nor anticipates the combination of the claimed elements.

The dependent claims, being definite, further limiting, and fully enabled by the specification are also allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
